MEMORANDUM

11/3/42

TO: Mr. George K. Bowden
FROM: Calvin B. Hoover

This is merely to let you know that the labor contact, which is being developed by one of my men in Sweden with the man recommended by Goldberg, is apparently developing very well indeed. We are beginning to get some information of definite military importance, a part of which apparently comes from this source.

CBH,
C.B.H.
